

“

I consider myself lucky to be a part of the Jeremiah Program and have done all the things that I've done within these last years because I am now in a space where I can really see myself growing. I'm making enough money to support me and my family on our own and even helping others. I am filled with knowledge that I want to share with others, and really looking forward to a future of more growth. ” -Victoria, JP Boston Mom

JEREMIAH BOSTON 2020 IMPACT

JP Boston families, staff, and community came together in a challenging year.

In 2020, we had to pivot, and thanks to the support of our community and the hard work of our staff and moms, we did. We supported families through the shift to remote learning, minimizing disruptions for school and college with technology and internet capacity support.
