# Positive Parenting

**ZERO TO THREE**  
Early connections last a lifetime

**Positive parenting** describes a set of parental behaviors that foster a child's capacity to **love, trust, explore and learn**. The goal of positive parenting is to help parents guide their children's healthy development in the context of the family's culture. Key elements of positive parenting include the ability to:

Understand or imagine the **child's point of view**, especially during challenging moments.

Respond with interest and **sensitivity** to the child's cues.

Recognize that **parenting can be stressful** and missteps are a natural part of child-rearing.

Recognize and **celebrate** the child's strengths, abilities, and capacity to learn and develop.

Provide consistent, **age-appropriate guidelines** and limits for child behavior.

Work toward a **balance** of meeting parental needs and child needs.

Delight in **moments of connection** with the child;

Recognize and **regulate their own feelings** and behaviors before they respond to the child.

**Seek help,** support or additional information on parenting **when needed.**

Activity #1 Title	Learning Goal/Objective	Materials
"More" and "All Done"	Communicate needs	Youtube search ASL, if needed
Activity/Lesson Description		
<p>Practice the ASL signs for "more" and "all done". Demonstrate for your child, and then help them do the signs. While they are playing or eating, help them communicate with you by speaking and showing them the signs when they want more and when they are all done. If used daily, children will start to sign on their own.</p>		

Activity #2 Title	Learning Goal/Objective	Materials
Summer Growth	Explore nature, expand vocabulary, use 5 senses	
Activity/Lesson Description		
<p>Go for a walk and stop periodically to talk about trees, grass, leaves and flowers. Let your child touch the bark of a tree, feel their toes in the grass and play with leaves. Identify each plant and describe it to your child. This grass feels soft between my toes. This tree bark is rough and hard. These leaves make a crackling sound when I fold them. This flower smells fresh and sweet.</p>		

Activity #3 Title	Learning Goal/Objective	Materials
Find the Plants	Identify plants	Picture books
Activity/Lesson Description		
<p>Read a book together and point out pictures of grass, trees and flowers. Look out the window and point to the real life outside. Allow your child to associate the flat picture in the book with the real thing outside.</p>		

## The Arts & Sensory Activities, Music & Movement

Activity #1 Title	Learning Goal/Objective	Materials
Nature Collage	Creative expression, sensory exploration	Paper, glue, leaves, flowers, grass
<b>Activity/Lesson Description</b>		
<p><b>Go on a nature walk and collect fallen leaves, grass and flowers. Then, use those materials to make a nature collage by gluing onto the paper. Mix shapes and colors and textures to create a work of art!</b></p>		

Activity #2 Title	Learning Goal/Objective	Materials
Bake Cookies	Sensory stimulation, language development, early math and science	Cookie ingredients and recipe or store bought cookie dough, baking sheet
<b>Activity/Lesson Description</b>		
<p><b>Make cookies with your child. Wash your hands together. Talk them through the process and explain the ingredients. Let them touch the raw ingredients. Have them help you measure, dump ingredients in the bowl, stir and roll into balls. Let them touch, smell and taste the cookies.</b></p>		

Activity #3 Title	Learning Goal/Objective	Materials
