IMPACT REPORT

“Jeremiah Program helped me understand that I’m not only a mom; I am many other things. I now understand that there’s more to me than what I do, and that I should value myself first and love myself first to be able to give that to anyone else, including my child.”

—ANGELINA, JP BOSTON MOM

In 2021, JP Boston served the highest number of families in our history.

Thanks to the steadfast support of our community, the tireless work of our staff and the incredible women who decided to make JP a partner in their journey, our Boston program more than doubled the number of moms and kids we served last year. We deepened our investments in single moms as students, parents and leaders in our community. We also strengthened our supports for JP children by expanding tutoring and summer enrichment opportunities.
