## IMPACT REPORT

**“It just gives me more courage and makes me feel happy that my kids are along with me through this journey, and they’re experiencing the positive aspects of it. We built a new family in this program.”**

—JP BROOKLYN MOM

**In 2021, JP Brooklyn served the highest number of families in our history.**

Thanks to the steadfast support of our community, the tireless work of our staff, and the incredible women who decided to make JP a partner in their journey, our Brooklyn program more than doubled the number of moms and kids we served last year. We deepened our investments in single moms as students, parents, and leaders in our community, and celebrated with one mom as she graduated with her degree in Business Administration. We also strengthened our supports for JP children by expanding our academic tutoring program, as well as introducing opportunities for summer enrichment activities to help JP kids access summer camps, swimming lessons, and mommy-and-me child development classes.
