## IMPACT REPORT

“Having this opportunity is once in a lifetime. Your kids are only under five years old once, and you only have the opportunity to do all these things, pursue your career in this type of environment, once. And I think [anyone considering JP] should absolutely take advantage of it.”

— KYLIE, JP FARGO-MOORHEAD MOM

### In 2021, JP Fargo-Moorhead served the highest number of families in our history.

Thanks to the steadfast support of our community, the tireless work of our staff, and the incredible women who decided to make JP a partner in their journey, our Fargo-Moorhead program grew by 71% last year. We deepened our investments in single moms as students, parents, and leaders in our community. We also celebrated with three moms as they graduated with degrees in Nursing, Automotive Technology, and Criminal Justice. We continued providing housing for JP families on our residential campus and expanded our two-generational programming to reach even more moms and children in our community.
