IMPACT REPORT

“Being a part of JP means that I am keeping a promise to myself that I will be the best mom, friend and sister I can be, but also that I will always have the support I need.”

—JP ROCHESTER-SE MN MOM

In 2021, JP Rochester- SE MN served the highest number of families in our history.

Thanks to the steadfast support of our community, the tireless work of our staff, and the incredible women who decided to make JP a partner in their journey, our Rochester-SE Minnesota program grew by 40% last year. We deepened our investments in single moms as students, parents, and leaders in our community, and celebrated with two moms as they graduated, one with her degree in Radiology and one in Psychology. We continued providing housing for JP families in our new 40-unit residential campus and expanded our 2Gen programming to reach even more moms and children in our community.
