

Jeremiah Program | ST. PAUL

932 CONCORDIA AVENUE
ST. PAUL, MN 55104

2021 IMPACT REPORT

“I feel like I got this gift of time with my son while he’s at this incredibly precious age, and I also got the space to work on myself and really dig in and do the hard work to address some of the trauma I had carried with me that had been passed down for generations. JP gave me the time and the space to work through some of this, and still be fully present for my son.”

— JP TWIN CITIES MOM

In 2021, JP Minneapolis and St. Paul served the highest number of families in our history.

Thanks to the steadfast support of our community, the tireless work of our staff, and the incredible mothers who decided to make JP a partner in their journey, our Minneapolis and St. Paul programs grew by 28% last year. We deepened our investments in single moms as students, parents, and leaders in our community, and celebrated with 12 moms as they graduated with degrees in Computer Science, Public Health, Human Resources, Accounting, Social Work, and more. We continued providing housing for JP families on our two residential campuses and expanded our 2Gen programming to reach even more moms and children in our community.
