The program was transformational. I was able to enjoy motherhood and be present in the most developmentally important years of my son's life because I had support."

—JP AUSTIN MOM

In 2022, JP Austin served the highest number of families in our history.

2022 was a time of incredible growth for our Austin campus. Our new Executive Director, Gloria Gonzales-Dholakia, Ph.D., hit the ground running to build, expand, and engage the Austin community of families and supporters. We celebrated eight incredible women as they graduated with their post-secondary degrees. Eight JP Austin moms participated in our new Career Volunteer Mentor Program, and 38 JP Austin kids participated in high-quality summer enrichment opportunities to further support their educational development — increasing the chances of economic mobility for both generations.
