CALLING ALL JP MOMS

Join the Career Volunteer Mentor Program

The Career Volunteer Mentor Program (CVMP) is a 6-week virtual experience that pairs JP moms with career professionals. Together, each pair will complete four 1:1 engagements using our CVMP curriculum. This program promotes cross-cultural learning and increases economic connectedness.

JP MOMS ARE ALREADY STRONG LEADERS and expert problem-solvers; we're working to dismantle the systemic barriers and public narratives that keep hiring managers from seeing those truths. CVMP will empower both JP moms and experienced career professionals to write new narratives.

WHAT TO EXPECT

- ➔ **90-Minute** Career Training
- ➔ **Four 1:1 Engagement Sessions** with a Mentor
- ➔ Assistance with building a powerful **resume AND LinkedIn Profile**
- ➔ A **FREE photoshoot** with a professional photographer

EMPOWERMENT FOR CAREER VOLUNTEER MENTORS (CVM)

By participating in CVMP, CVMs will deepen their understanding of the systemic challenges that impede economic mobility for single mothers, receive trauma informed mentorship training, and experience the success of coaching and supporting emerging professionals.
