

# 2025 IMPACT REPORT

“JP has given me the tools to change the trajectory of my life. Thank you.”

—JP AUSTIN ALUM

In 2025 at Jeremiah Program, we sharpened our focus on supporting single mothers who are student-parents as rising costs and changes in public assistance intensified pressures on them. Despite these challenges, four JP Austin families successfully graduated from JP, making way for nine new families on campus. JP expanded emergency funding and mental health offerings for moms and nearly quadrupled the number of JP kids with active 529 college savings accounts to 54! Your partnership made this progress possible, ensuring JP could meet the moment and continue partnering with single moms and their children across our entire Austin community as they re-author their futures.

**211**

**MOMS AND CHILDREN** engaged in JP’s holistic two-generation program supports, advancing family stability and long-term economic mobility.

**86**

**MOMS RECEIVED 1:1 SUPPORT** on their post-secondary education journeys, preparing them for family-sustaining careers.

**1K+**

**COACHING SESSIONS** provided targeted college, career, and whole-family guidance.

**95%**

**OF MOMS** report using the resources and strategies provided by their JP coach, demonstrating the value of our family coaching model.
