

2025 IMPACT REPORT

“I dream every day. I dream that my children will have what they deserve, which I feel I’m providing, so my dreams are coming true.”

—JP LAS VEGAS MOM

In 2025 at JP, we sharpened our focus on college success for single mothers as rising costs and shifts in public assistance intensified pressure on student-parents, especially women of color. Despite these challenges, our two-generation (2Gen) approach delivered strong, measurable results, with 33 moms earning 3.0+ GPAs and making our Academic All-Stars list. By year’s end, 71 full-program moms were actively supported in post-secondary education — building credentials, stability, and pathways to family-sustaining careers. Your partnership makes this progress possible, helping JP meet this moment and advance economic mobility for single mothers and their children.

316

MOMS AND KIDS engaged in JP’s holistic 2Gen program supports, advancing family stability and long-term economic mobility.

98%

OF MOMS WOULD RECOMMEND the program to a friend, demonstrating high satisfaction and trust in JP’s impact.

95%

OF MOMS reported that JP coaching is helping them progress toward their educational goals.

91
