

2026 SUMMIT BY THE NUMBERS

“What an amazing, cup filling, empowering weekend. Community is a Verb wasn’t just a theme, we all got to live it in real time.”

— MOLLY MILLER, 2025-26 JP ALUMNI FELLOW

In March 2026, the sixth annual JP Summit Weekend gathered 500 moms, alumni, staff, and partners in Boston, with over 2,000 participants joining our virtual SummitX convening — the nation’s largest gathering of single moms, all under the theme “Community Is a Verb.” More than a theme, it was a call to action: to show up, connect, and move together. Speakers led sessions on economic mobility, civic leadership, and the power of building your village, while mompreneurs competed in the Spark Tank pitch competition. This year’s JP Summit made one thing clear: Community isn’t just something we talk about. It’s something we do.
